Innovative Trustpack tamper evident system

Easy single-motion opening

Ergonomic integrated grip

Photo-quality IML decoration

Microwave and dishwasher (top rack) safe

Space optimizing shape

Decoration available

INJECTION IN-MOLD LABELING

• Container:
  1 panel, 2 panels or full wrap in-mold label

• Lid:
  Full in-mold label

Innovative packaging by design

Safety, sustainability, ease of use and added branding value

Trustpack tamper-evident system offers a unique integrity indicator, increasing manufacturers and consumers confidence in product safety.

Its square shape allows for optimized shipping and warehousing.

Its design provides an intuitive single-motion opening, stable stacking and easy handling.

Using IML decoration, it offers differentiation on the shelf and graphics that fully capture product quality.

Certifications

The raw materials used are tested according to ASTM standards for polymers, are approved for food contact and meet FDA (Food and Drug Administration USA) and HPB (Health Protection Branch Canada) regulations.

FDA | | IMS

Material

Container and lid are made of recyclablepolypropylene (PP).
