## A BETTER SOLID SURFACE

*At Impervicote we offer fully custom countertops and table tops. They are built out of 14 gauge steel that is coated with a specially formulated powder coating that is designed for it's durability. Our product is scratch resistant, heat resistant, seamles and non-porous. They are coated with a UV Protectant for Indoor/Outdoor use. The steel used in our tops is made from 30% recycled materials, and recyclable in the future, giving us a very high sustainabilty rating. Impervicote can be used for a variety of applications and is great for new construction, re-models, commercial, industrial, and outdoor settings.*
