

Kim Durkee

President

“It’s always surprising to realize that while you’re looking at people, all knowing and superior, they are looking at you, right back at you.”

Kim has been a member of Local #517 since 1980, he joined during the construction of Epcot. The best job Kim ever had was working as a Coordinator/Trainer for the North Central FL Laborer’s Training Fund. Although Kim suffers from a subcutaneous cyst on the left side of his scrotum he finds the time to enjoy fly fishing and riding Triumph motorcycles. Kim is committed to staying active with Local #517 by being the President.
