VISIT US AT BOOTHS 738 AND 739

WELCOME!

Dear Sunbelt Attendees,

We are extremely excited to be hosting the 15th annual Sunbelt Builders Show™ in Grapevine, Texas. After four years away, there is incredible energy surrounding this year's sold out Show at the Gaylord Texan® Resort & Convention Center.

The energy is evident in the 270 booths with 200 exhibitors, including 87 new vendors, that have filled up the trade show floor.

We encourage you to take your time visiting with Sunbelt exhibitors. This is your opportunity to spend time exploring their products and services. The education sessions that will be held on the trade show floor will help you bolster your bottom line with classes that focus on design, digital marketing, business processes, and best practices.

Since the Show was last at the Gaylord in 2010, the resort has added a 10-acre water park and all 1,000 rooms have been remodeled with a fresh, new look. Whether you're here for the trade show and education, the parties or the special events - take advantage of everything Sunbelt has to offer this year.

Our Show would not be possible without the support of Sunbelt's exhibitors and sponsors. On behalf of the leadership and staff of the Texas Association of Builders, thank you for supporting the Sunbelt Builders Show™ and our industry.

Best regards,

Tiffany Acree & Carol Longacre
Co-chairs, Texas Association of Builders

SUNBELT REGISTRATION & GENERAL INFO

Accessibility

The Gaylord Texan® Resort and Convention Center is committed to ensuring that our venues are as convenient, accessible and enjoyable as possible. While we make every effort to ensure accessibility of our facilities, should you require additional assistance, reasonable accommodations will be made for qualified persons with disabilities. The Gaylord Texan® is responsible for the permanent building access requirements such as, but not limited to, wheelchair ramps, elevator standards, and internal hallways and doors. For registration information or accessibility questions, contact hotel staff at the hotel registration desk.

Badges

The official registration badge should be prominently worn and displayed at all times for prompt admission to the exhibits area, opening session, general sessions and other events. Badges are not transferable and may not be loaned to anyone for any purpose. All Show attendees and exhibitors must wear their badges while on the Show floor except infants in backpacks or slings. If you lose your badge, inquire at the registration area. There will be a \$5 per badge fee to replace lost or forgotten badges.

Badges are color coded as follows:

- Green:** Builders, Remodelers, Architects & Designers
- Blue:** Exhibitors & Sponsors
- Yellow:** Non Exhibiting Associates or Suppliers

Show Office

If you need Show Management assistance, call the Registration Desk at (817) 778-3361 during Registration hours.

Children

Children under 18 must be accompanied and supervised by an adult at all times when in the exhibit area. Registration for children is complimentary and must be done on-site. All children except infants in backpacks or slings must be registered and have a badge to be admitted to the exhibit area. Children under 18 are not permitted on the Show floor during setup or teardown.

Live Animals

Live animals of any kind are not allowed on the exhibit floor, with the exception of service animals.

Photography/Filming

Photography or recording within the exhibit area or general session rooms is prohibited.

Registration & Tickets

Attendees may register on-site; however, space is limited for ticketed events which are available for purchase at the registration desk. Event tickets must be presented at time of admittance.

Registration Desk: (817) 778-3361

Registration for Builders (\$50), Associates (\$150)

HBA Staff (\$25) and Student Pass (\$25)

BADGE BENEFITS

- ✓ 10% off at the following food and beverage outlets: Zeppole, Old Hickory, Riverwalk Cantina, Texan Station, Java Coast and Cocoa Bean
- ✓ 10% off Relache Spa Treatments
- ✓ 40% off rack rate at Cowboys Golf Club for individuals

Show Management

The Sunbelt Builders Show™ is owned and operated by the Texas Association of Builders. The Texas Association of Builders (TAB), founded in 1946, is an affiliate of the National Association of Home Builders (NAHB) and consists of 28 local home builders associations (HBAs) across Texas. With a membership of nearly 10,000 building industry professionals, representing over 702,500 jobs and \$31.1 billion annually of the Texas economy, the Texas Association of Builders plays a crucial role in fulfilling the dream of homeownership for Texans. TAB holds memberships with the International Association of Exhibitions and Events (IAEE) and Texas Society of Association Executives (TSAE).

Smoking

The Gaylord Texan® is a smoke-free facility. Smoking is allowed outside in designated areas.

TEXAS ASSOCIATION OF BUILDERS

Founded in 1946, the Texas Association of Builders (TAB) is an affiliate of the National Association of Home Builders (NAHB) and has 28 local home builders associations across Texas. With a membership of nearly 10,000 representing over 702,500 jobs and more than \$31.1 billion annually to the Texas economy, TAB plays a crucial role in providing housing for Texans.

TAB offers its members a comprehensive package of resources and benefits to help them build their businesses: industry publications, an information-filled website, regulatory guidance, legislative lobby efforts and value added educational services. By joining the Texas Association of Builders, members can tap into an information network that will help them improve their bottom line.

Members of local home builders associations are automatically members of the Texas Association of Builders and the National Association of Home Builders. For more information, contact the Texas Association of Builders or visit TexasBuilders.org.

OPENING SESSION

Chad Hennings | Living a Life of Excellence

9:15 to 10:15 a.m. | Grapevine Ballroom S

In order to attain excellence one must live a lifestyle of excellence. Excellence isn't a destination, it's an identity. Chad Hennings has lived this message through a nine-year NFL career and three Super Bowl Championships with the Dallas Cowboys, forty-five successful combat missions flying A-10 jets with the U.S. Air Force, and as one of the most decorated

college football players in NCAA history. Chad has taken this message across the world at the invitation of some of the most distinguished executive audiences ranging from American Airlines to Bank of America, General Motors to Citigroup.

He has also been a philanthropic leader in the Dallas-Ft. Worth area as a member of the board of directors of Christian Community Action, an organization that provides assistance to at-risk families, and the establishment of Wingmen Ministries.

Chad challenges audiences to dare to be excellent and inspires businesses to create cultures of excellence. People and organizations don't do great things to become great; great people and organizations do great things. Chad credits his post-NFL career successes to a secret he learned early on: Excellence is a Lifestyle.

Proudly Insuring the Builders of the American Dream.

GENERAL SESSION

Beth Ziesenis A Day in the Life of a Nerdy Home Builder

9:15 to 10:15 a.m. | Grapevine Ballroom A

What would your day look like if you took the advice of all your nerdy friends and implemented the tech tools and apps they recommend to make your life easier? This fast-moving, laugh-filled session takes you through a day in the life of a tech-savvy home builder. You'll learn how a professional nerd solves a security crisis before

10 a.m., learns to make more of a lunch hour with an extra set of virtual hands, saves money on software before the staff meeting and brings the team together online before the day is done.

A valuable session for anyone – not just builders – who wants a better understanding of how technology fits into every part of their day, whether they're on a job site or behind a desk. Learn about technology systems that streamline projects and tasks, and discover dozens of free and bargain apps and online tools to use in the office or on the go. You'll learn ways to look like you're working with a team of marketing, computer and productivity experts, even if you suffer from a shrinking staff and a disappearing budget.

GENERAL SESSION

Dr. Jim Gaines and Ross Ramsey | The Politics of Texas and Its Impact on the Economy

3:15 to 4:15 p.m. | Grapevine Ballroom A

What happens when you bring a housing economist and an expert on public policy and politics together for an hour? You get a look at the State of our State following the 84th Texas Legislative Session. How does the political landscape affect the housing industry and our economy? The answer to that question could be boring, but our presenters are far from dull! This is your only opportunity to hear from these dynamic speakers about Texas politics, the Texas economy and what to expect when recently passed legislation begins impacting our state and industry.

Dr. Jim Gaines is Research Economist, Housing Markets and Development, at the Real Estate Center at Texas A&M University. **Ross Ramsey**

is executive editor and co-founder of The Texas Tribune, a non-partisan, non-profit media organization that promotes discourse on vital issues of statewide interest.

STAR AWARDS COCKTAIL PARTY/PRESENTATIONS

\$50

Check with the Registration Desk for ticket availability.

The Star Awards recognizes the best in Texas – the work of outstanding builders, remodelers, architects, designers and industry professionals. With finalists selected from hundreds of entries in over 100 categories, the Star Awards honors those who are truly outstanding in their field of expertise.

Thanks to the following sponsors: Aliana Development, Anderson/Hanson/Blanton, Environments for Living, Friendswood Development Company, Morrison Supply Company, Natural Gas Utilities of Texas, RealManage, Schlage, StrucSure Home Warranty, Texas Home Builders Safety Group and TRANE.

EXCELLENCE UNDER 45 AWARDS

\$50

Our industry is comprised of members of nearly every background, and with the growth of young professional participation, we are building a membership of engaged, dedicated and educated leaders. In doing so, the TAB Young Professionals Council saw the need to develop a program to showcase and celebrate those that stood out among the membership. In 2014, the Excellence under 45 Awards Program was founded with the purpose to highlight and reward those that have committed their time, efforts and careers to the Texas building industry. Now with its second class of inductees, the program has gained national recognition and its winners are celebrated as true industry frontrunners.

The 2015 Excellence under 45 award winners will be honored during the prestigious Star Awards Cocktail Party and Presentations by being called on stage to receive their trophy in front of the best in the state. Join us at the Star Awards to meet and support the future of our industry and association – our Young Professionals.

Thanks to the following sponsors: Dedication Sponsor - Ferguson. Merit Sponsor - Bush Rudnicki Shelton PC.

Brennen Teel Foundation
GAS LINE SAFETY

I am a Mom. My story is bigger than this space.

The information I want you to know is about the **loss of a son due to CSST, a gas conduit that has been manufactured, distributed and installed in over seven million homes** across America. Please take a few minutes to read and learn more of what we have experienced and, therefore, discovered.

Our loss is huge. Our commitment is strong.
Our voice is speaking to you.

Watch our video at
BTFgaslinesafety.org/a-voice
to hear the plea of my voice.

With awareness and education,
you could escape the abyss of
grief. Hear the plea of my voice at
BTFgaslinesafety.org/a-voice.

Because I care,
Becky

WOODTONE

Built with excellence, by excellence.

We're proud to sponsor the Sunbelt Builders Show™ Keynote Speech featuring **Chad Hennings**. Just like Chad, we strive for excellence in our business as well as protecting your home. In fact, we've been protecting Texas builders for decades. Our team of experts has more than 175 years combined industry experience. So, we can provide insurance protection you need to manage risk at every job site. Come visit us at Booth 503 this summer during the Sunbelt Builders Show™ to learn how our strong history, products and values can support you.

Property & Inland Marine

Built on Relationships.
Focused on Solutions.™

Operation FINALLY HOME thanks the Texas Association of Builders and their member builders that have helped provide homes to America's military heroes and their families.

Operation FINALLY HOME is dedicated to building custom homes for U.S. servicemen and women who have faced life-threatening challenges in defense of our country. We bring together corporate sponsors, builder associations, builders, developers, individual contributors, and volunteers to help these heroes and their families transition to the home front by addressing one of their most pressing needs—a home to call their own.

Booth 332
www.eone.com

The E/One Sewer system is a pressure sewer system that is powered by E/One grinder pumps. A pressure sewer system uses small-diameter pipes and grinder pumps, which are often installed at each home. The grinder pump station collects all of the wastewater from the home and grinds it into slurry. The wastewater is then pumped to a larger sewer main or directly to a wastewater treatment plant. Pressure sewer systems are used in areas where a conventional gravity sewer system cannot be installed.

Tella Firma Foundations, LLC **Booth 612** 214-451-6630 www.slabtek.com

Tella Firma provides a patented foundation system of elevating a slab-on-grade foundation above the ground to create a protective void. This innovation isolates the foundation, helping protect it from damaging soil swells or contractions and movement caused by light earthquakes. The foundation performs like a Pier-and-Beam but much more affordable than traditional suspended slabs. The Tella Firma system is based on commercial engineering principles that have been in practice for over 50 years and has been installed in homes for over a decade.
