

Connection Kit

Connection kit is a proprietary system designed by BOS GmbH Best Of Steel to connect up to three Quick Build container together: Same or different size units end-to-end, or same size units side-by-side.

- Connection kit allows attaching separate units together on the 7ft / 2.1m, 10ft / 3m, 13ft / 4m, and 17ft / 5m.
- Maximum two containers can be connected end-to-end.
- Maximum three containers can be connected side-by-side: 10ft / 3m, 13ft / 4m and 17ft / 5m.
- When connecting units together, the walls from between the units must be left out.

Please see the pictures on the following pages showing the step-by-step assembly.
