**7240G with Hog Rotisserie and Optional:**  
• Rear Table • Cooler  
• Side Shelf • Spare Tire

**Removable Rotisserie with Whole Hog**

**Grilling Turkey Legs on a 7240G**

*"The thing I love most about the **Model 7240G** is the versatility. I have cooked pancakes for breakfast with the pancake griddle option, hamburgers and steaks for lunch and rotisserie chicken or smoked ribs for dinner with the chicken rotisserie option. I have also used the **Model 7240G** to serve a five course meal. I replace a cooking grate with the stainless steel warming pan and within 8 minutes I have boiling water to serve clams for an appetizer. Later I use that same water to boil lobsters while I cook steaks. Baked potatoes and corn are cooking on the other side. Holstein Manufacturing recently added a rear mounted utility stove option that would have made my life even easier back in 1979 when I bought my first grill. Heating soup to boiling fish and seafood on that stove just magnifies the versatility that was already in place. I have been a customer for 30 years and I have not found a better product.*

"The Model 600 Chicken Rib & Beef Cooker has made our business grow from one model eleven years ago to six units today. The Model 600 has the capability of cooking 780 quarters of chickens on the racks and 320 quarters on the warming shelves for a total of 1140 quarters. This unit also has the capability of cooking 30 cases of 2 1/2 lbs. and down size St. Louis Style Ribs, 70 whole turkeys (weighing 15 lbs. each), 1,400 lbs. of pork loins, 960 Las Vegas Stuffed Flounder, 240-6" pizzas, or 1,000 biscuits. I am also able to hold three whole hogs in the holding and warming section. The Model 600 has been the success of our business. Our business continues to grow and Holstein Manufacturing has provided us with reliable and durable products through the years.

- Sweet corn & potato roaster is NSF Listed and Certified

*Model 306 Sweet Corn Roaster and Potato Cooker is pictured in operational position while unloading corn into coolers*

*Removable chassis for easy servicing of chains and bearings*

*"The Holstein Mfg. Sweet Corn Roaster is durably constructed, easy to maintain, and portable. The machine roasts corn perfectly; the best cooker technology on the market. The model has the capacity to roast 550 ears of corn per hour. At one festival, we served an average of 288 ears per hour for 10 straight hours. At \$2.00 per ear, that's one heck of a day's work!"*

# SODA & CONCESSION TRAILERS

Pop trailer or full service concession trailer the answer is up to you. Concession trailers are custom built to meet the demands of each individual. We want each trailer to be as unique as the owner and the occasion it serves. We start with the premise of a standard pop trailer and build from there. Features and options that make each trailer one of a kind are:

- 7' or 8' width and various lengths
- Tubular steel frame and upright supports
- Aluminum siding - exterior
- Aluminum diamond plate floor
- Axles and tires depend on application
- Interior lights
- Electric panel
- Electric outlets
- Serving windows with screens, glass or both
- Leveling jacks on four corners
- Insulation in walls and ceilings
- Aluminum siding - interior
- Air conditioning
- Removable tongue and hitch
- Fresh and waste water tanks
- Stainless steel sinks
- Stainless steel counters inside or outside
- Electric hot water heater and pump
- LP gas tank & hook up
- Exhaust hood and fan
- Cooking equipment- grills and fryers
- Concession and flatbed trailer combination
