American Eagle® AE-T12 Series meat tenderizers are part of our comprehensive line of heavy-duty, high-quality machines. Their exceptional reliability and attractive, compact designs make them ideal for open kitchens and front-end meat operations. They are perfect for hunters, butchers, or other foodservice professionals.

American Eagle: Value, Quality, and Reliability

Incredible benefits to restaurant operators:

- Largest steak size (capacity) on the market
- Delicious, tender results from tougher cuts of meat
- Virtually no additional prep time, ready in seconds
- Maintains form and shape for cooking
- Delivers efficiency & bottom-line savings!

Valuable Features:

- Commercially approved, sanitary stainless steel
- Quality aluminum alloy housing for durability.
- 33 rotating knives, 2 stripper combs
- Delicately maintains form and shape of meat
- Punctures for better marinade & sauce penetration
- Easily disassembled for cleaning & maintenance
- Pierces fiber and knits both sides at once
- Compatible with AE-G12N or AE-G22N Grinders
- Can be used on most mixers, meat choppers and vegetable slicers/shredders with #12 hubs.

Standard Warranty on Motor Unit Only

- 1 year parts and ninety days labor
- Must register with American Eagle
- Use of unit on beef bone voids warranty

AE-T12

AE-T12 Series Meat Tenderizer

Specifications

Due to continuous product improvement, specifications may change without notice

Machine Specifications

Recommended for pairing with AE-G12 Motor: 1 HP (8 Amps)
AE-G22 Motor: 1.5 HP (16 Amps)
 Motor overload protection w/ reset button. Totally enclosed to prevent oil leaks or food contamination.

Recommended RPM Range: 170

Construction: Sanitary stainless steel combs and food shaft. Heavy-duty polished aluminum alloy housing has a smooth, seamless design. Computerized mold and cast system for precise, consistent parts.

Maintenance: Do not tenderize meat with bone. Remove all gristle to prevent clogs. Accessory is easily removed from hub for washing in soap and water.

Electrical: 115V/60Hz/1 Ph
 7 foot flexible 3-wire cord and plug, which fits a grounded receptacle.

Specialized Knife System: 33 super-hardened alloy steel knives maintain sharpness for years of reliable performance. Rotating circular design helps pierce meat without damaging the overall shape or form. Do not touch or place hands near knives during machine's operation.
